

## MEDICLINIC CITY HOSPITAL

### **World class healthcare on your doorstep**

Mediclinic City Hospital is a Joint Commission Internationally Accredited, 229 bed facility providing multidisciplinary healthcare services under one roof. The hospital is under the direction of the Center for Healthcare Planning and Quality as specified in the Dubai Healthcare City rules and regulations

Upon opening in 2008, Mediclinic City Hospital was the first multi-disciplinary hospital in Dubai Healthcare City. As a state-of-the-art healthcare facility, it has continued to dominate Dubai's healthcare landscape in terms of the quality of its medical staff, the breadth of services it offers and the standard of equipment it operates.

We offer specialist-focused treatment in the areas of cardiology, radiology, gynaecology, trauma, nuclear medicine, endocrinology , obstetrics, neonatal care and many others. We offer advanced levels of diagnosis and treatment, ensuring every patient receives the highest levels of international-standard healthcare.

Mediclinic City Hospital is part of Mediclinic Middle East and wholly owned by Mediclinic International, one of the 10 largest listed private hospital groups in the world. This means that Mediclinic City Hospital, and its patients, are able to benefit from the huge bank of knowledge and expertise available in its 66 sister facilities in Southern Africa and Switzerland.
