Italian Language Course FREE	G3-G5	2:30-3:30 PM F08	This ASA is only for students who are already fluent in Italian. In the G3-G5 Italian ASA group, reading and writing will be the main activities. We will focus on Orthography (spelling) and the Grammar rules that we need to observe during writing. This will be made both formally but also informally through grammar games, cards and other useful and more relaxed activities. Children will learn how to write under dictation and will create simple texts based on a given model. Italian books for Primary School will be used for this group. We will read age-appropriate materials and discover different type-texts with specific features, answering comprehension questions, as well as making evaluations and inferences on the texts. Participation is requested for both weekly sessions in order to maintain, develop and enhance their knowledge and skills. Teacher: Manuela Adragna

According to World of Sports Science, "The object of water polo is to throw a ball into a net defended by a goal keeper and six teammates who use physical means to hinder the offensive team's attack. The ball is advanced using passing plays and other offensive tactics" ("Water Polo"). This may seem simple, but remember all this needs to be accomplished while treading water.</p> <p>Provider: Stryx Sports Contact: asa@stryxsports.com 055 887 6426 / 055 877 1658</p>
