

Early Years Teaching Positions for Academic Year 2019-2020

The Swiss International Scientific School in Dubai is a leading day and boarding school where future generations are inspired to become confident and enthusiastic life-long learners, ready to embrace the opportunities of a global world.

Our school follows the full continuum International Baccalaureate (IB) programme in English with additional languages or in two bilingual English-French and English- German streams. SISD is an IB Continuum World School authorised to offer and teach the IB Primary Years Programme (PYP), IB Middle Years Programme (MYP) and IB Diploma Programme (DP).

Our unique curriculum offers an engaging learning experience, the challenge of developing a real understanding of cultural diversity and the support of a thriving international community.

Our large eco-friendly campus ensures that we can offer a wide range of sporting facilities that make the most of our location adjacent to Dubai Creek.

We have created a school that offers an outstanding education focused on both academic excellence and personal growth. We encourage students to take risks, become compassionate lifelong learners and responsible citizens who care for one another and contribute to a strong society through intercultural understanding and respect.

At SISD, a distinctive feature of school life is the diverse student body made up of more than 60 different nationalities. It is our strong belief that the next generation of international citizens will need to be dynamic, flexible and linguistically ambitious. This is why we offer all our students the opportunity to become multilingual.

Our international programmes reflect a sincere commitment to a Swiss vision of excellence in education to enable our students fully to embrace future opportunities.
