Hello fellow students, my name is Renata Lopez. I have been a student at SISD for 4 years and am currently in Grade 11. This year, I have the honor of being your President as part of the Student Leadership Team. As members of the Student Leadership Team, it is important to always use the B.E.S.T. values as a means to promote communication amongst all languages and ages in order to bring members of the SISD community closer together, whilst helping each other achieve excellence. Given ongoing events we want to ensure not only your safety, but that you are able to continue to grow, explore, and experience activities which encourage you to strive for academic excellence. As President, I promise to listen, I encourage you to speak up and come up with creative solutions, because at the end of the day we can all get better at what we are doing and work to change our environment.

Kourush Zarei
G11GE

Hello everyone,
I am Kourush Zarei. This is the second year that I've been studying at SISD. As the newly-appointed Vice President, my role is to work along StuLT to help administer issues that the students are facing so that a novel solution can be found. I will work to solve problems and issues that are either found or brought up by the students and investigate solutions for them. Coordinating the StuLT Officers and reporting back on progress that is made will be an important part of the role as well. I hope to do this through nurturing togetherness and the SISD community by looking at solutions that take everyone's point of view into account, thus striving for excellence. StuLT will embrace technological advances by assigning tasks and organising themselves in a way to keep the process green, from start to finish. Additionally, StuLT is a multilingual platform where each member speaks a unique and varying set of languages.

Hey everyone,
I'm Ghena Radi, a Grade 11 student here at SISD, your Social Officer for this academic year. So far, I have been a student here for the past 3 years. Personally, I look forward to implementing our core BEST values in your day-to-day life. Specifically, togetherness as well as excellence. Bringing our community closer to one another creatively, and exceptionally well during such a difficult time, is my personal priority. Ensuring your happiness, success and feeling though that you are welcomed here is going to be accomplished in the upcoming months. I hope to inspire fellow students to become more collaborative and speak up about matters which will benefit the social environment at school.

Ridaa Rahman
G11GE

Hello everyone, my name is Ridaa Rahman from Grade 11. I have been a student at SISD for 3 years now which has helped me gain experience with other students and understand what the school requires. Recently I was accepted into the leadership team as a Wellbeing Officer. This opportunity provides me with insight on establishing strong communication skills, coherent relationships, and provide mental/physical knowledge to turn SISD into a more cultural community. In order to achieve our goals, we have to engage with the B.E.S.T values of SISD. The B.E.S.T values will help us promote bilingualism, strive for excellence, become more sustainable and work together through any obstacles during the upcoming academic years. As your wellbeing officer, I encourage every single one of you to share past experiences, speak upon any problems and identify areas of growth and improvement. My overall goal is to make YOU feel SISD is the place where you belong.
