CAREER COACHING WORKSHOP

The Bedrock Program is an Internationally recognized Career Training program that eliminates the stress and anxiety youth and their parents are struggling with when deciding on a suitable career path. This program will provide your child with a clear understanding of what they value and how to apply that to their career choices. Our program develops the confidence youth need to identify what they want to do, and the plan to get them there. In this ASA, your child will explore difficult questions about themselves, and evolve their understanding of where their journey at SISD can take them in the future.

Since 2019, The Bedrock Program has worked with many high-profile schools in the UAE including The University of Toronto, ADEK, Imperial College London, and other highly esteemed schools and Universities around the globe.
