ART CLUB

Ideas matter here, which is why we empower you with the freedom to work in multiple media. The ART CLUB provides secondary school students with the necessary creative freedom to develop a sustained, structured dialogue between ideas and process. Mirroring the methods and practices of the contemporary artists and designers, students are given the opportunity to freely explore across media in order to build strong skills and develop their portfolios while reflecting their personal interests. Students should be able to master not just one medium, but to have the freedom to move and explore throughout different disciplines; to experiment; to take risks; to find the right solution for each visual arts-related projects they decide to work on. Our art rooms are laboratories where conceptual thinking, artmaking, and design skills are developed under our guidance. All creative minds are welcome to join!
