Monday

MOVEMENT & MUSIC CLUB

This activity will explore movement and artistic expression, without the requirement of extensive training. From turning and jumping to carefully controlling the movement of hands and fingers, dance engages all aspects of a child's physical development. This activity is in place to awaken the inner creativity in all children, allowing them to hear a piece of music and decide how their body can best respond to it.

FRENCH READING CLUB

Reading for pleasure is more important to children's successes than education or social class. How do we instill a love of reading in our children? By sharing quality books, and introducing the talented individuals who write and illustrate them. In this ASA, children will devour books, participate in activities and discussions, express their viewpoints, be creative, thoughtful and engaged. Our goal is to help children build a lifelong reading habit. The SISD children's reading groups are a fun way to read and discuss stories, while promoting active literacy and an overall love for books!
